HAT WITH HOLE
FOR POM POM
INSTRUCTIONS

1. Print on card and cut around the edge. This will form your template.

2. Use the template to trace and draw a hat shape on your preferred patterned paper. The dash indicates a fold to form a tab

3. Cut out the hat from the patterned paper and use either hot glue gun or double sided tab to adhere to the opposite side.

Elastic or string can be stapled to the side, and the pom pom is best adhered with hot glue gun.
